About Us

Innovation Healthcare is a group focused on interventional cardiology with a comprehensive portfolio of imaging and consumable products. Innovation Group comprises two companies

Innovation Healthcare Private Limited ("IHPL"),
which manufactures and distributes cardiac
care consumables.

Innovation Imaging Technologies Private Limited ("IITPL"),
which manufactures Cath Labs.

Innovation's combined product portfolio includes **drug-eluting stents, balloon catheters, and the award-winning and fastest-growing Cath Lab Pinnacle & Premier.** The company has three manufacturing facilities in India located in **Bengaluru, Vizag, and Jaipur.**

Innovation is the **fastest-growing and Asia's most awarded Cath Lab manufacturing company.** The promoters of the company have a vision of creating truly differentiated solutions in **Medical Imaging** and offering solutions that make **cardiac care** more effective and accessible.

16*

16 National and International Awards.
Asia's Most Awarded Cath Lab Company.

93*

93% customer satisfaction across
400+ installations in India.

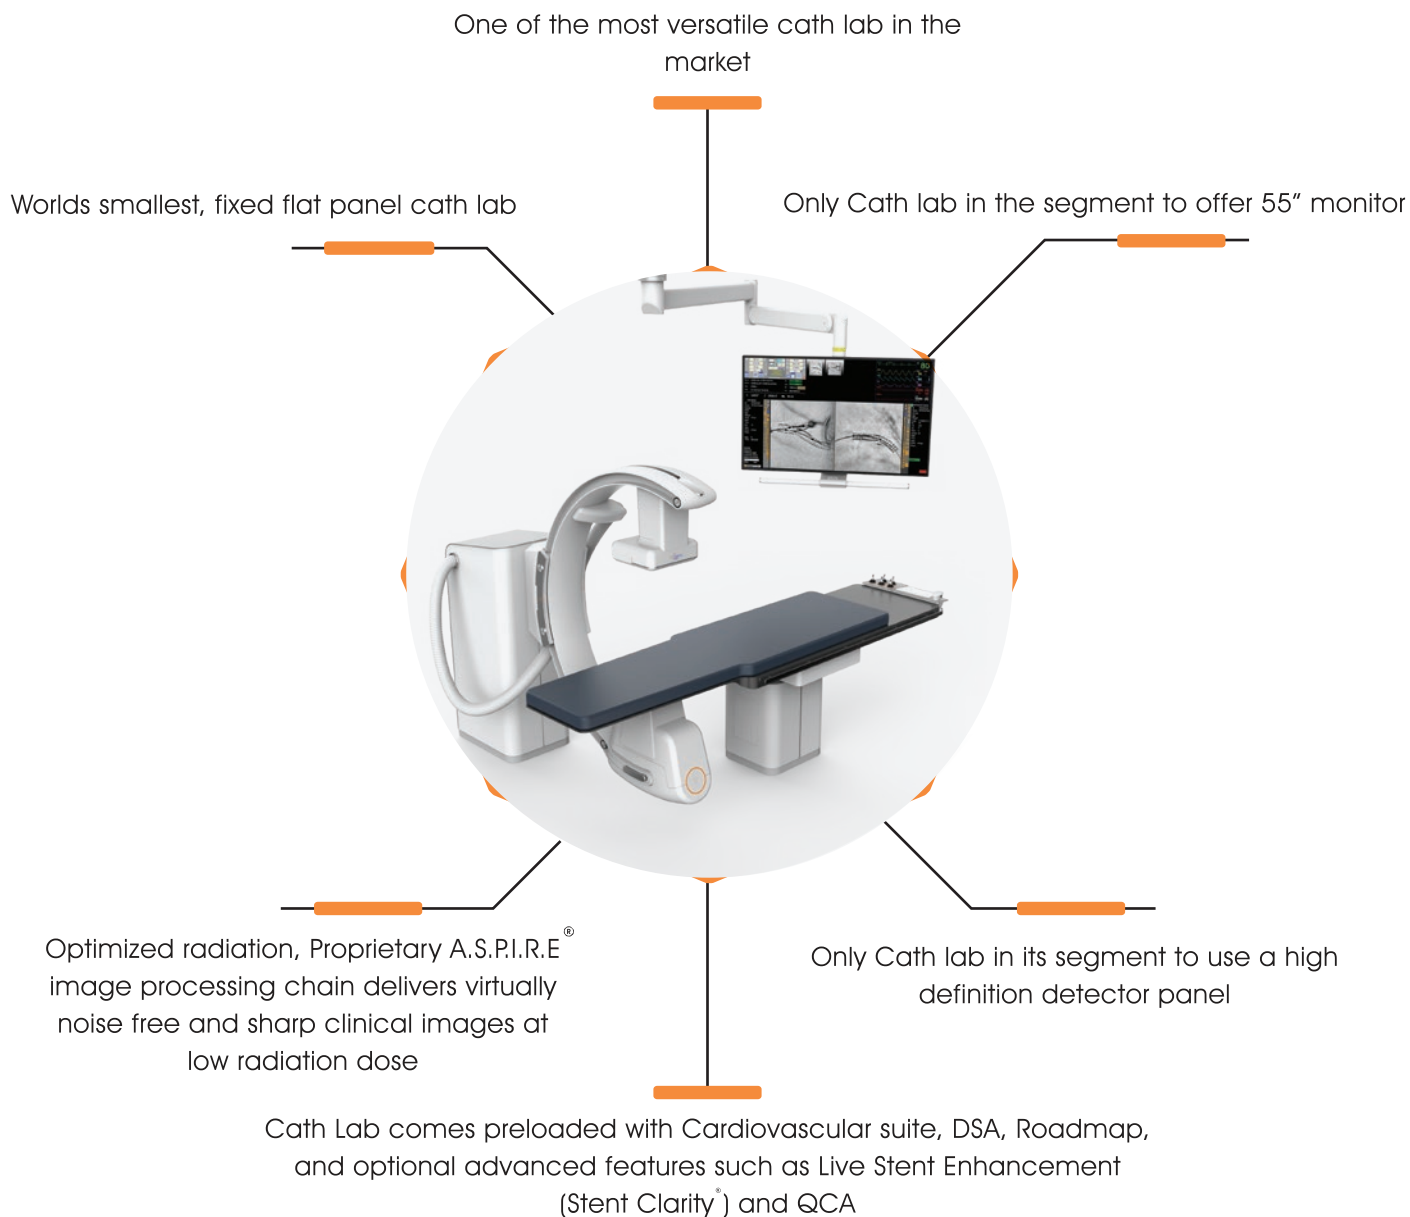

48 Hrs*

Less than 48 Hrs of downtime at any
installation since inception.

* Data as of Sept 2024

Making cardiovascular care accessible

Made in India for the World

Presenting **Pinnacle Agile**[®], with enhanced mobility options

Pinnacle Agile[®], one of the most versatile cath labs
in the market

Agile gives Interventionalists the freedom to do any Cardiovascular, Neurovascular and
Peripheral Vascular Procedure with Ease.

SHARP, HIGH RESOLUTION CLINICAL IMAGES

Visualise the most distal and tortuous vessels with our
High Definition Flat Panel Detector, a First-in-Industry

A.S.P.I.R.E[®] IMAGE QUALITY

“ADVANCED SUPERCOMPUTING BASED
PINNACLE IMAGE RESOLUTION”.

Using the power of Supercomputing Algorithms
for the first time in Medical X-Ray Imaging to
produce the Sharpest and Virtually Noise Free
Images at the lowest Dose

VARIABLE SOURCE TO IMAGE DISTANCE

Now take deeper angles with greater ease with up and down movement of the flat panel detector.

TABLE SWIVEL

Now Perform Trans Radial procedures and CPR without worrying about table obstructing the field of operation

FULL BODY COVERAGE

Agile gives you the unmatched advantage of doing Neurovascular to Tibial Interventions on the same table. Presenting Class Leading table sweep length offering head-to-toe coverage for a 6 feet tall patient.

LOWER TABLE HEIGHT

Now able bodied patients can sit up and sit out of the table without the need for a patient trolley. Class leading minimum table height to facilitate ease of patient transfer.

All these features with the proven expertise of

Pinnacle - India's most awarded medical imaging equipment in 2018

Pinnacle Family of Cath Labs – **India's Fastest Growing** and **Asia's Most Awarded Cath Lab**

Winner of India Medical Device Company of the Year 2020, Good Design Award 2019, Red Dot Design Award 2018, CII Design Excellence Award 2018, India Design Award, CII Industrial Innovation Awards 2019 as the top innovative company, and R & D Company of the Year Award 2021 by Indian Chamber of Commerce.

TAB BASED USER INTERFACE

Experience the comfort of using an Industrial grade Tab for entire Patient Related Workflow. Now starting a new study, controlling the screen GUI and all image processing features are literally at your fingertips. Creating the most user friendly UI so that you can focus on what matters most.

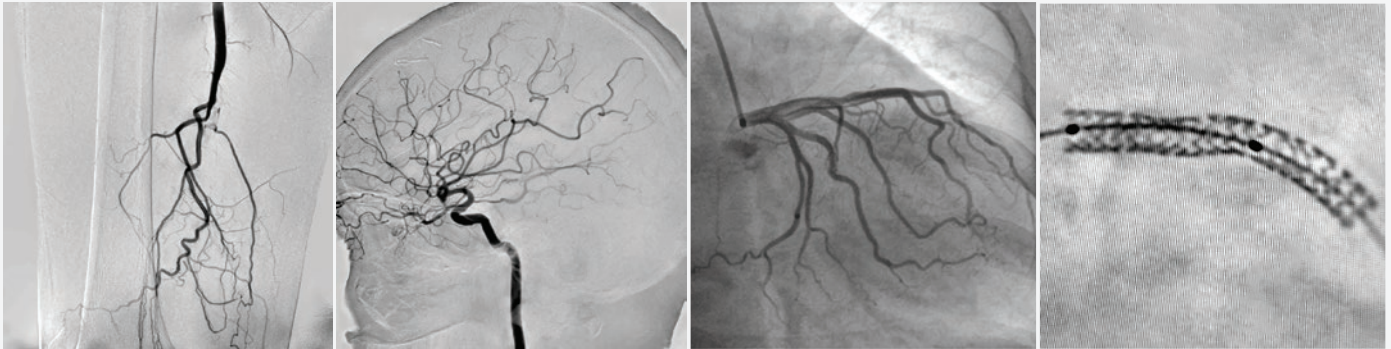

SMALLEST FOOTPRINT

The World's Smallest, Fixed, Flat Panel Cath Lab – Save the expensive Civil Work and experience the Award winning Installation time – we value your time and resources.

Versatility at **it's Best**

We appreciate that visualising distal vasculature can be critical in clinical decision making

CARDIOVASCULAR SUITE

Now visualise distal and tortuous vessels better than ever before with World's first HD Flat Panel Detector. Higher Resolution detector ensures sharper images in the most distal anatomy

STENT CLARITY[®] AND QCA

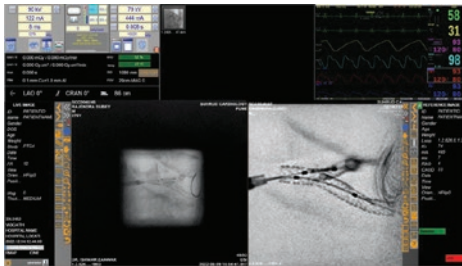

Visualise the entire stent with Stent Clarity[®] in high resolution. Now no need to take large cine loops to perform Software Stent Enhancement. With Stent Clarity[®], you can do a effective enhancement with as low as 24 frames

NEURO VASCULAR AND PERIPHERAL VASCULAR SUITE

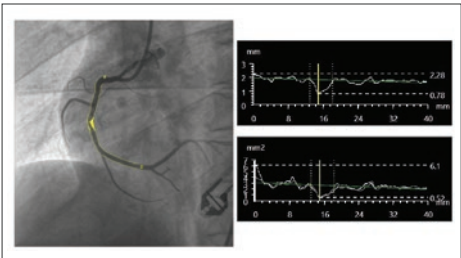

Pinnacle Agile comes pre loaded with proprietary DSA and Roadmap Software developed in-house. Larger 9 inch detector panel ensures better field of view and reduces the need to take multiple shoots. The 55 inch monitor helps play up to 4 Reference Loops alongside with the Live window, specially helpful insome complex peripheral vascular procedures. Variable Frame Rates (as low as 3 frames per second) to perform long DSA procedures without worrying about dose.

Software Features

Stent Clarity® (Standard)

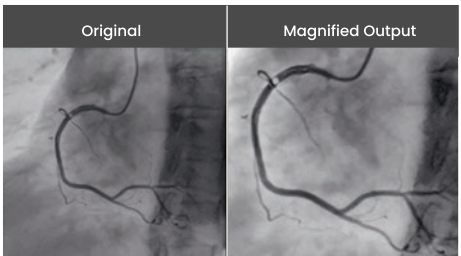

QCA (Optional)

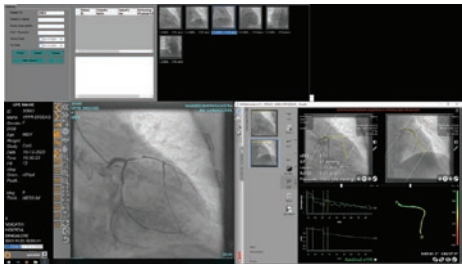

AINSTA QCA (Optional)

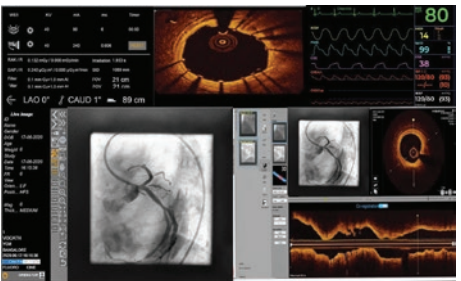

AI-MAG (Optional)

vFFR (Optional)

IV-LINQ (Optional)

Pinnacle Agile[®] Specification

Pinnacle Agile[®] FD2115065C

Table

Carbon fiber table top | Memory foam mattress | Max. patient weight 200 kg | Min height: 780 mm | Vertical stroke: 300 mm | Longitudinal stroke: 1300 mm | Table lateral stroke: 300 mm | Table pivot rotation – 16 degrees to the right (towards c-arm) and 90 degrees away from the C-Arm

Monitor

Commercial Grade 55" 4K UHD | 3840x2160 display matrix | Ceiling suspended.

Gantry

Floor Mount | ISO Centric | Left Side Mounted |
Orbital Speed: upto 25 Deg/Sec | Angulation Speed: 25 Deg/Sec
| Angular Stroke: 45 deg. to 45 deg. | Orbital Stroke: 90 to 45 deg.
| C-arm Depth: 728 mm (28.66 inch) | Variable Sid: 960 to 1160 mm | Max Free Space : 799 mm

UI Modules

5 Joysticks > C- Arm rotation | Table Up/Down movement
| Detector Up/Down | Collimator and 9 Keys >
Pivot Rotation Lock/unlock | Table Cross Travel lock |
Motion Disable switch | X-ray Disable | Error Reset |
Mag +/- | UI Position | Emergency Switch Collimator Homing

Generator 65 kW

High Frequency | Low Ripple | Small Footprint

Our Awards

Innovation Healthcare Private Limited received the prestigious Best Practices Company of the Year Award in the Indian interventional imaging industry by Frost & Sullivan this year!

Indian Medical Device Company of the Year Award 2020 by Department of Pharmaceuticals, Government of India. Highest level award for a Medical Device Company in India.

The Red Dot Award is considered the OSCARS for Industrial Design worldwide. Considered one of the best design award globally and awarded to products with best in class industrial design concept.

Confederation of Indian Industry is the apex trade body in India and this award recognizes the very best in Industrial design in India.

Good Design Award is considered the highest level of recognition in Industrial Design by Ministry of Commerce, Japan.

Given to only 15 companies across industries and is the highest award for Innovation in India.

Innovation has been honored as the "World's Best Emerging Brand 2023" by WCRC INT, presented at the House of Lords, The Palace of Westminster. This prestigious recognition highlights our commitment to innovation and excellence in healthcare.

Awarded by the Government of India, The India Design Mark (I Mark) is a design standard which recognizes Good Design by India Design Council.
